\_\_\_\_\_  
\_\_\_\_\_

Service Address:

\_\_\_\_\_

Plat & Lot #: \_\_\_\_\_ / \_\_\_\_\_

email: \_\_\_\_\_ phone: \_\_\_\_\_

Reason for application for service:     transfer or sale of property  
   discontinue use of private well  
   new construction  
   Other: \_\_\_\_\_

I hereby apply for water service to the above listed property as of the following date: \_\_\_\_\_.

**New or Transferred Residential Installations:** The PIWD requires a minimum of a dual check valve to be installed (at customer's expense) in all new residential construction or new service connections or when service is transferred to a new owner (except transfers between current spouses, parents and their children, full siblings or to a revocable or irrevocable trust where at least one of the designated beneficiaries is the grantor or the current spouse, child or full sibling of the grantor). At the time of application, new residential construction or new service connections or transfer to new owner applicants must submit an affidavit from either the Town of Portsmouth Building Inspector or a licensed plumber stating that all plumbing meets code requirements and a dual check valve is installed.

An affidavit from either the Town of Portsmouth Building Inspector or a licensed plumber is attached.

**Please tell us about yourself:** The Prudence Island Water District has received Federal funds to assist its operation and provide services to our customers. A condition of receiving these funds is that demographic information, including household income information, be collect from each applicant for service.

Providing this information is very helpful to us in obtaining grants so that we may assist you. Your answers will not prevent you from receiving services and will be kept confidential.
