

Job Title: Part-Time Seasonal Laborer for Prudence Island Water District

Job Overview: The Prudence Island Water District is seeking a dedicated and hardworking individual to join our team as a Seasonal Laborer. This role is crucial in assisting with the maintenance and operation of water supply systems and infrastructure to ensure the provision of safe and reliable water services to our rural community. The position is temporary and will coincide with our peak operational period, typically spanning from May to November.

Responsibilities and Duties:

- Assist in the installation, maintenance, and repair of water lines, meters, hydrants, and other water distribution system components.
- Assist in performing routine inspections of water district facilities, including storage tanks, pump stations, and treatment plants.
- Conduct field investigations to detect leaks, assess damages, and identify necessary repairs.
- Operate a variety of tools and equipment such as wrenches, pipe cutters, shovels, and other hand or power tools.
- Provide support for water quality sampling and monitoring activities.
- Participate in the excavation and backfilling of trenches for water line installation or repair.
- Adhere to safety protocols and procedures to ensure a safe work environment for self and others.
- Respond to customer inquiries and service requests in a polite and efficient manner.
- Assist with landscaping and groundskeeping duties around water district facilities.
- Perform janitorial and general maintenance tasks to ensure the cleanliness and proper functioning of facilities.
- Work effectively under the direction of the Prudence Island Water District team and collaborate with other team members.
- Execute additional tasks or projects as assigned by the Water District Supervisor.

Qualifications:

- High school diploma or equivalent; additional vocational training or certification in a related field is a plus.
- Ability to perform physical labor and lift heavy objects (up to 50 pounds).
- Basic knowledge of tools, equipment, and procedures used in water system maintenance is preferred.
- Ability to work outdoors in various weather conditions and terrains.
- Strong attention to detail and ability to follow written and verbal instructions.
- Good communication skills and customer service orientation.
- Availability to work flexible hours, including some weekends and holidays, if necessary.
- Willingness to learn and adapt to new tasks or situations.

Working Conditions:

- This position requires outdoor work in various weather conditions.
- Frequent physical activities such as lifting, digging, bending, and standing for long periods.
- Use of personal protective equipment (PPE) will be required.

Employment Type: Seasonal / Temporary

Hours: Part-time 4-16 hours a week; hours may vary depending on operational needs.

Compensation: Competitive hourly wage based on experience and qualifications.

How to Apply: Interested candidates should email clerk@PIH2O.org detailing their qualifications and experience. Applications will be accepted until the position is filled.

The Prudence Island Water District is an Equal Opportunity Employer and is committed to creating a diverse environment. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
